Specialty Cleaners

TIME IS MONEY

THE RIGHT TOOL SAVES YOU TIME. That's why Sanitaire offers a variety of specialty cleaners for outdoor cleaning, detail cleaning and even industrial wet-dry messes. With two Wet-Dry Vacuums, two versatile Sweepers and two Canisters, you can consider both your indoor and outdoor cleaning problems solved.

TIME IS ON YOUR SIDE

The impressive line up of specialty cleaners includes products that meet your needs indoors and out. Pictured (L to R): 2 canisters, SC3683 and SC3700; 2 wet-dry vacs, SC6060 and SC6065; and 2 sweepers, SC430 and SC435.

WET-DRY VACUUMS. Keep your facilities spotless with our durable **8-Gallon or 16-Gallon Wet-Dry Vacuum** on hand. Quickly clean large and small spills with these versatile taskmasters. Their commercial-grade motors have been tested to last more than 500 hours, and you will experience fewer clogs with the wide diameter metal wands and 8-foot hose.

Wet-dry vacuums have become a part of the maintenance landscape, and Sanitaire wet-dry vacuums offer some of the best time saving features in the industry, including multiple attachments, an 8-foot hose, and a floor nozzle with a 15-inch cleaning path. Sanitaire commercial grade wet-dry vacuums are setting the standard for performance.

You never know what the day will bring, so be prepared with a versatile wet-dry vacuum.

SWEEPERS. Skip the broom and dust pan, and save time sweeping outdoors with the **Sanitaire Wide Area Sweeper**. With 4 brushes and a 32-inch wide cleaning path, you can sweep 10 times faster with this manual push sweeper workhorse. And with its 5 levels of height adjustment, it picks up just about everything: leaves, metal shavings and small pebbles. The corrosion-resistant housing withstands the elements and can be hosed down for cleaning. The debris compartment removes for easy emptying, and storage is a snap with the fold-down handle.

Looking for a simple, non-motorized cleaner that doesn't take up too much space? Try the **@Hand Sweeper** and dial in the brush height you need to fit whatever floor surface you're cleaning. The durable plastic housing and quiet operation make this a must-have sweeper for every maintenance closet. In some areas, state health codes prevent the use of a motorized cleaner during restaurant business hours, and the @Hand Sweeper is perfect for cleaning under and around restaurant tables and chairs between seatings.

CANISTERS. When quiet operation and cleaning versatility are top priorities, reach for the **QuietClean™ Detail Cleaning Canister**. With a sound level of less than 68 dBA, it's perfect for day- or night-time cleaning and includes long-reach metal wands, a crevice tool and dusting brush onboard. A premium filter ensures that less dirt and dust get recirculated back into the space you just cleaned.

The **Proven Detail Compact Canister** is another lightweight yet powerful detail cleaner with metal wands and accessories for reaching those difficult-to-clean corners and crevices. The portability of this 10 lb. canister with carrying strap is second to none. Clean uninterrupted day or night with one of the most tried and true vacuums we've ever made.

Sanitaire®

INDUSTRIAL WET-DRY VACUUMS

SC6060
8 Gallon Tank

- Rugged, Industrial Grade Design
- Quick-Clip Latch Keeps Liquids Secure
- Drain Cap and Hose for Easy Emptying
- Onboard Tool Tray
